

QUEM É SUSCETÍVEL A UM AVISO ANTECIPADO DE DESASTRE?

Análises da pesquisa mundial de valores

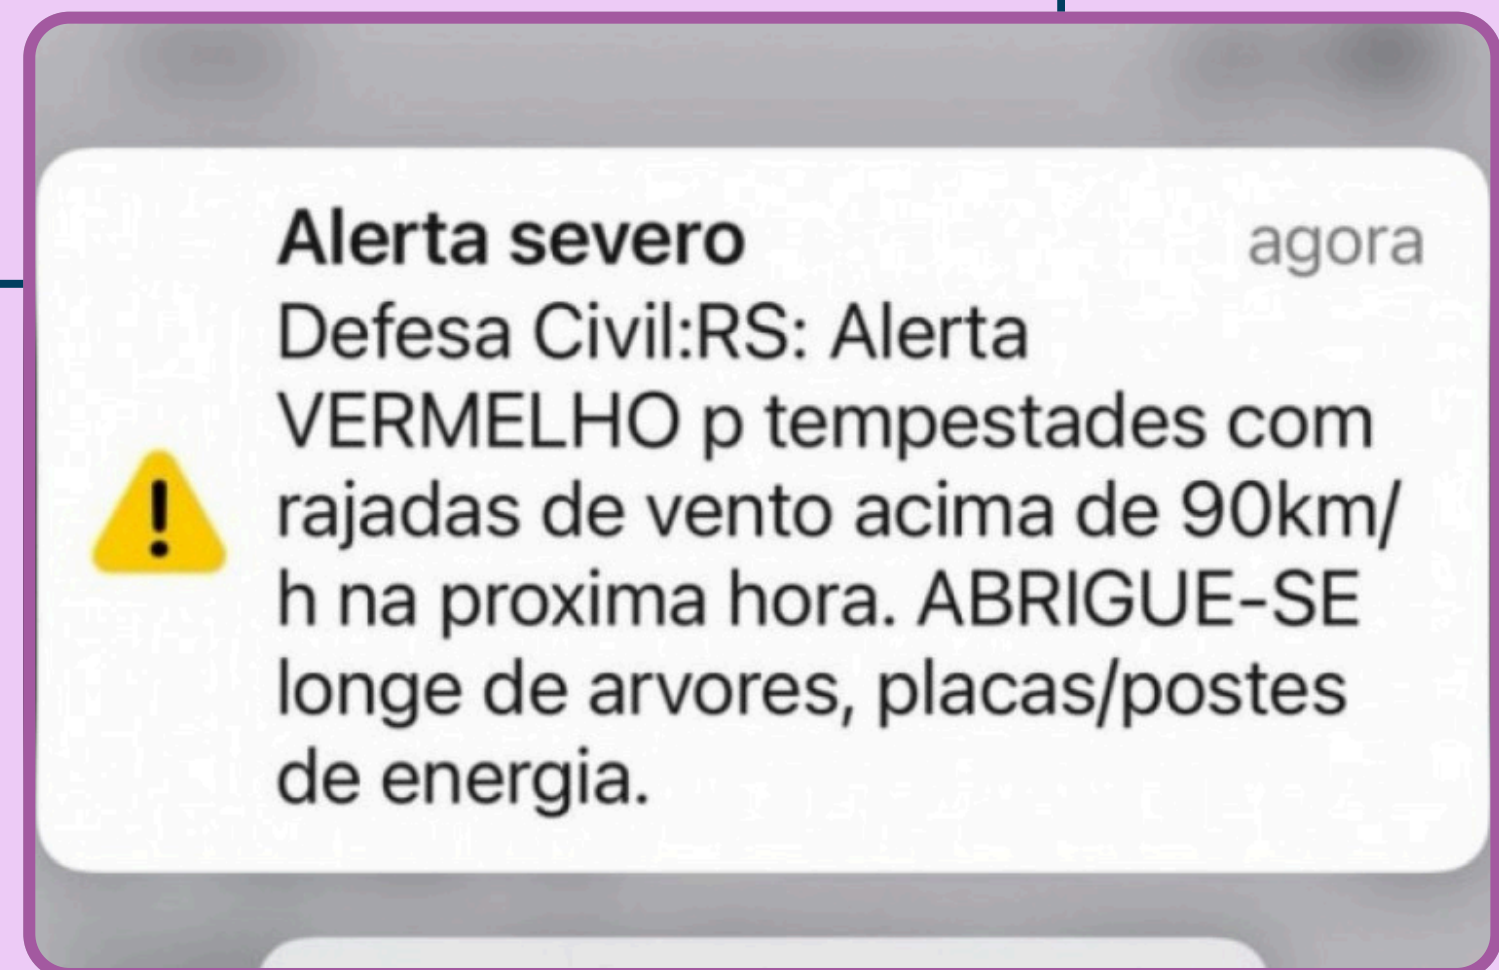

Bruna Borba

MOTIVAÇÃO:

Como sabemos, DESASTRES resultam da combinação entre eventos climáticos + exposição ao risco + vulnerabilidade, e aqui veremos como a vulnerabilidade social se aplica.

A principal pergunta que queremos responder é : Que populações seriam suscetíveis a um World Warning?

Nosso proxy: confiança em ciência

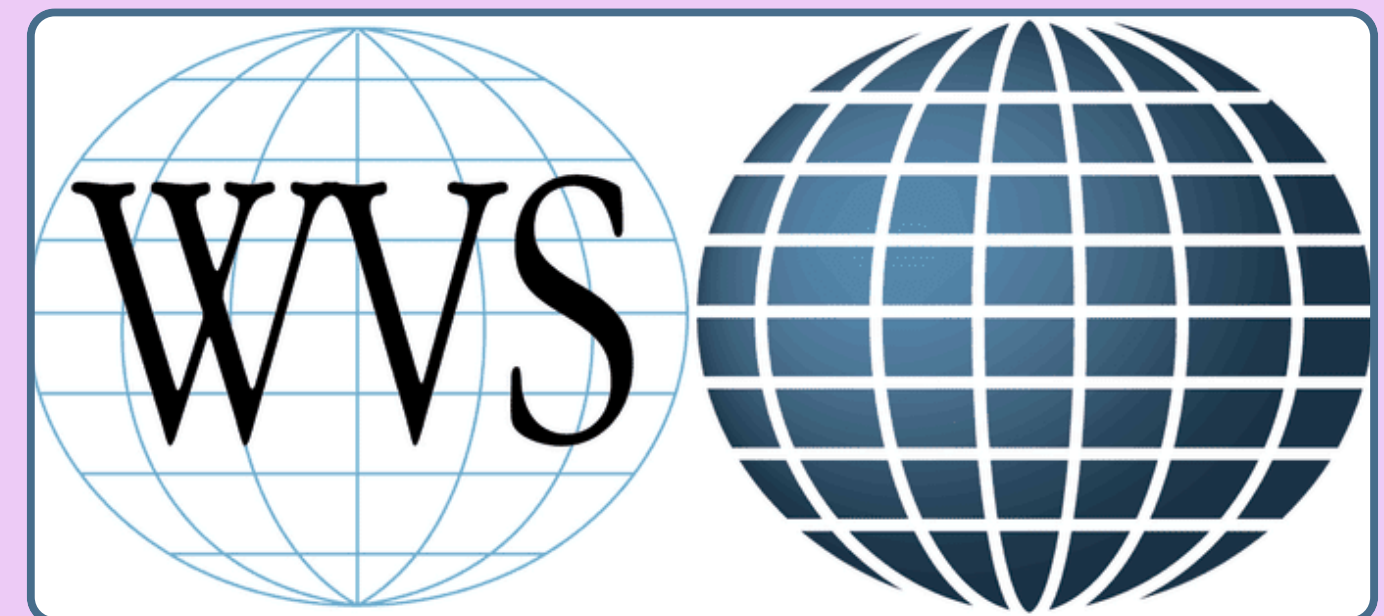

SOBRE A BASE :

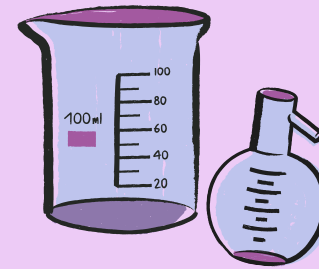

O World Values Survey (WVS) é um projeto de pesquisa global que investiga valores, crenças e normas em quase 100 países, cobrindo aproximadamente 90% da população mundial.

DADOS NO BRASIL:

- Onda 7 (2018): n = 1762
- Onda 6 (2014): n = 1486
- Onda 5 (2006): n = 1500
- Onda 3 (1997): n = 1143
- Onda 2 (1991): n = 1782

Confiança em Ciência:

- “Science and technology are making our lives healthier, easier, and more comfortable”
- “Because of science and technology, there will be more opportunities for the next generation”
- “We depend too much on science and not enough on faith”
- “One of the bad effects of science is that it breaks down people’s ideas of right and wrong”
- “It is not important for me to know about science in my daily life”
- “The world is better off, or worse off, because of science and technology”

Todas medidas em escala de 1 a 10. Em seguida, calculou-se a média das questões para cada indivíduo e, posteriormente, a média ponderada por país.

	Number of cases	%/Total

por curiosidade...

Associações entre Confiança na Ciência, Investimento em P&D e Participação Feminina na Ciência

Confiança Universidades:

O índice de confiança foi construído a partir da variável “Confidence: Universities”, consideramos como “alta confiança” as respostas “a great deal” e “quite a lot”. Para cada país, calculou-se a proporção de respondentes nessas categorias em relação ao total de respostas válidas. Os resultados foram ponderados pelo peso amostral, garantindo representatividade populacional.

Q75.- Confidence: Universities

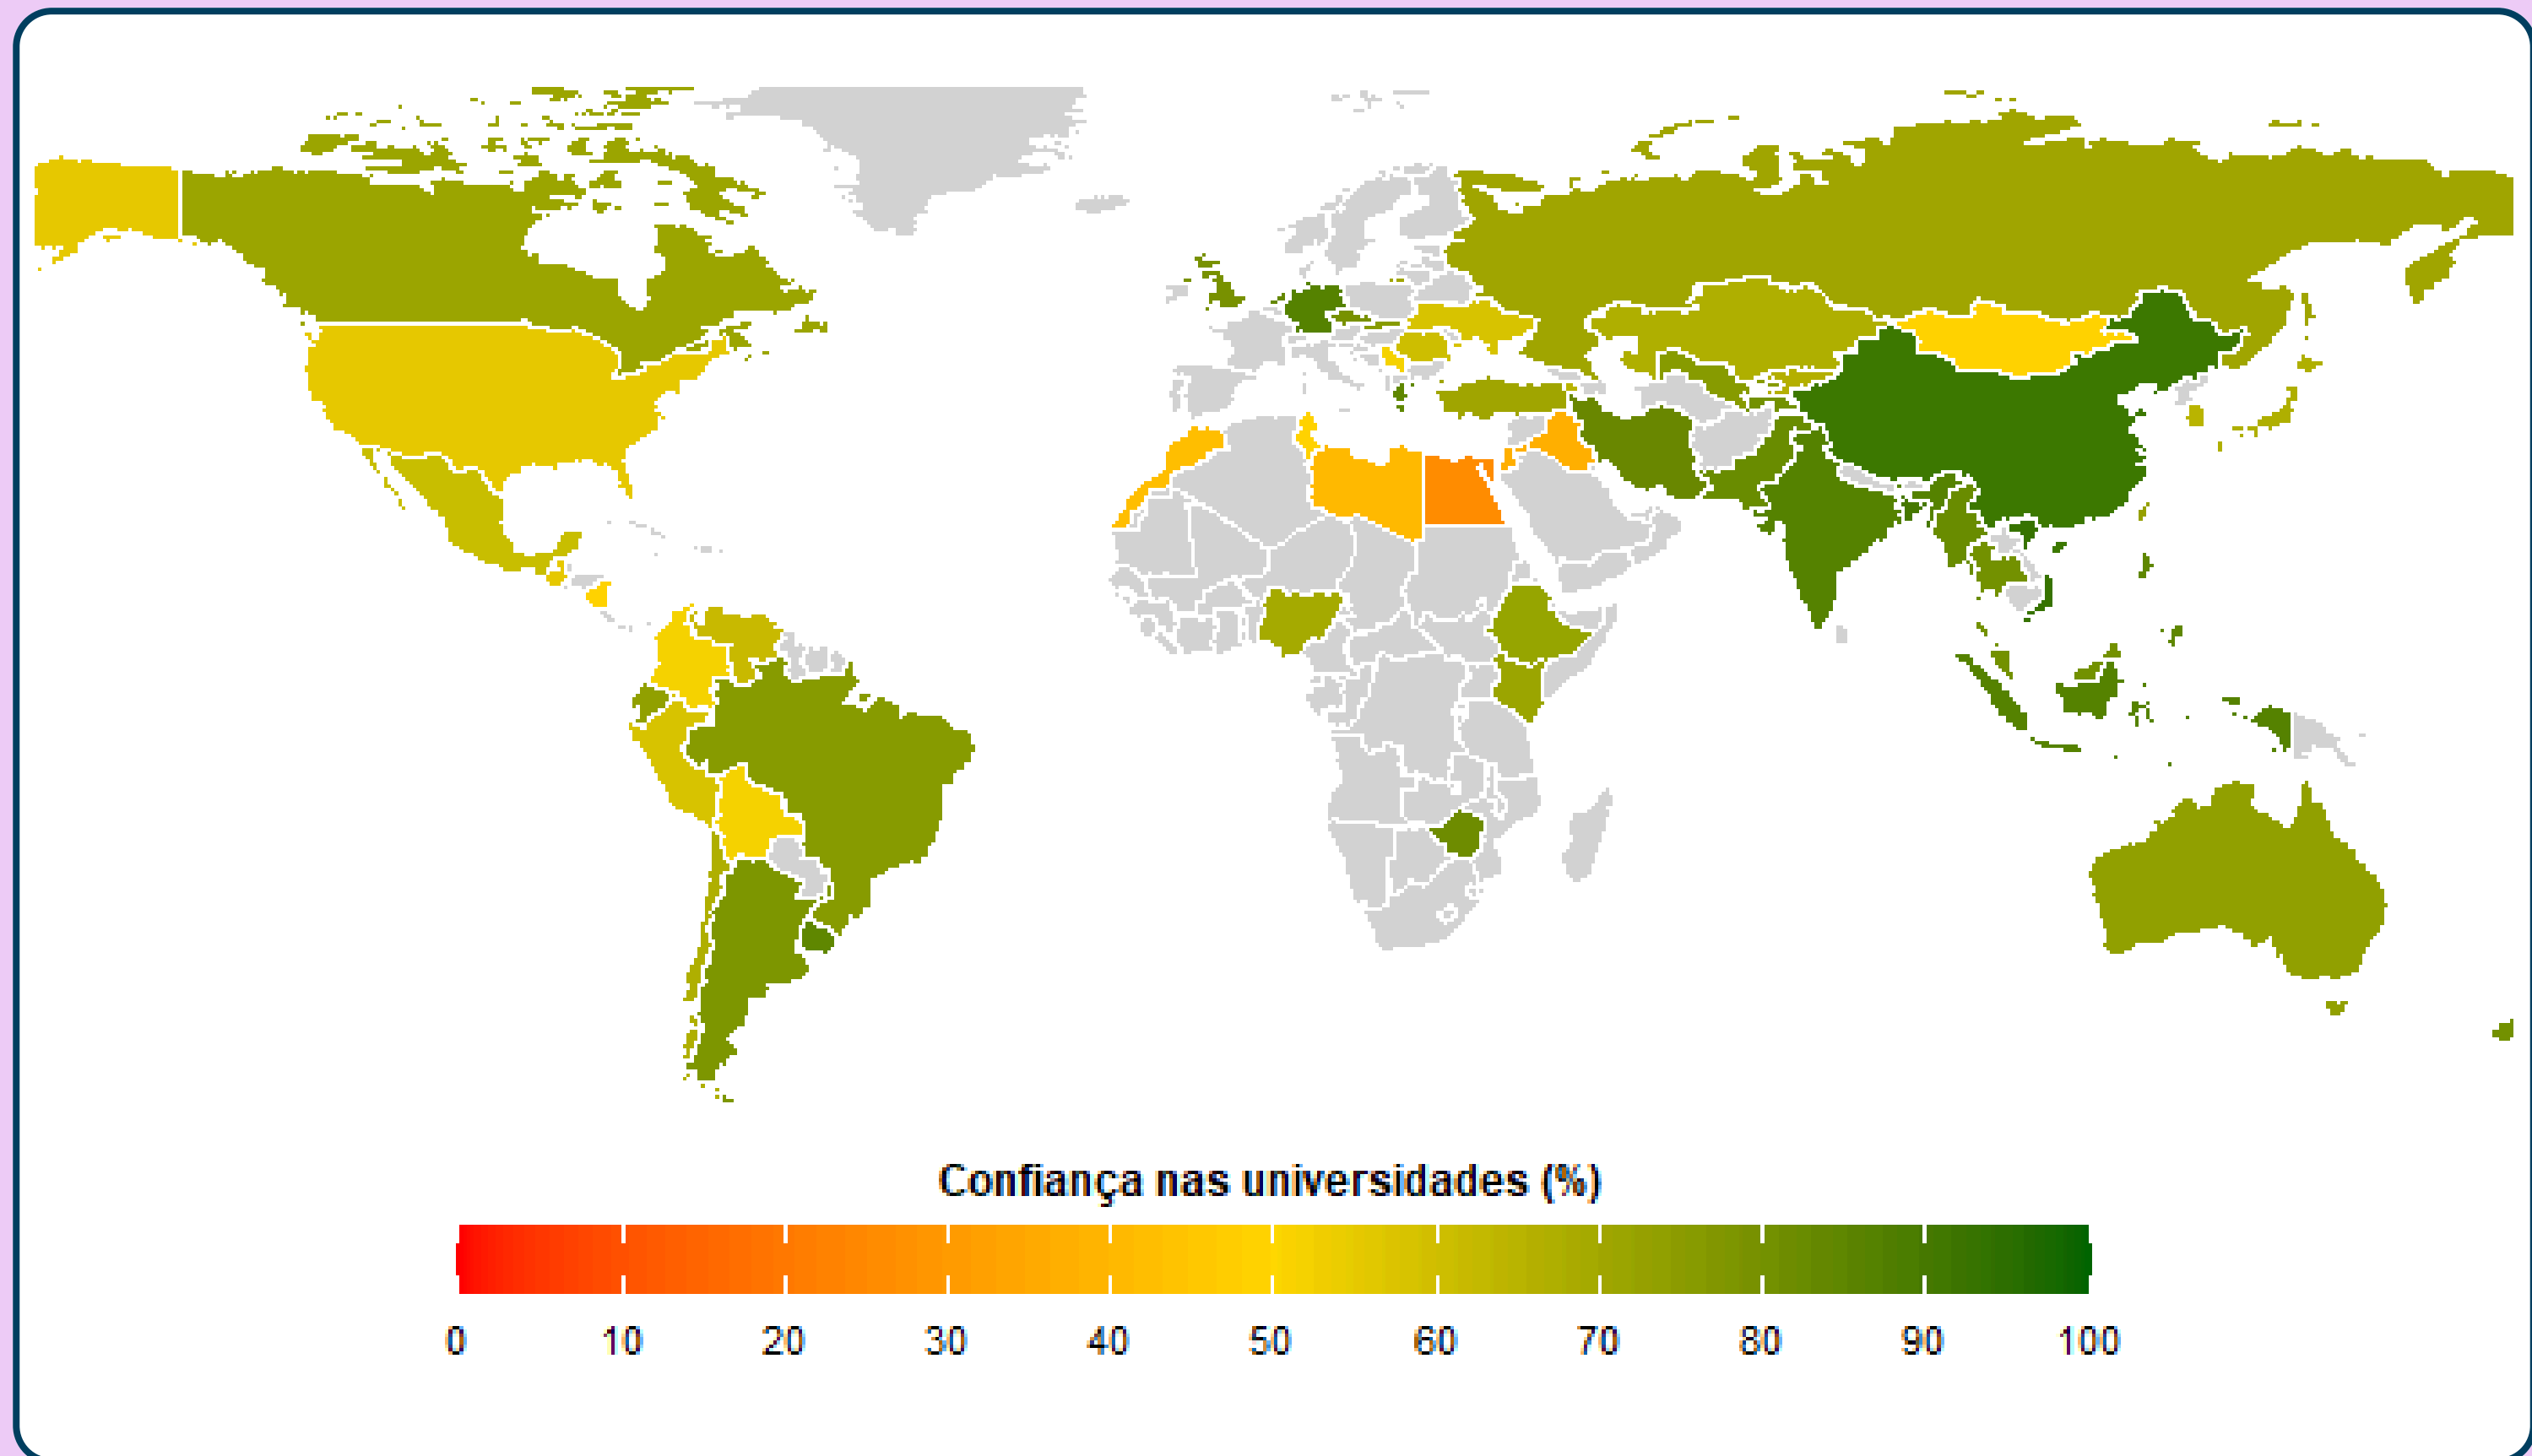

Cross by

-- None selected --

	Number of cases	%/Total
A great deal	469	26.6%
Quite a lot	788	44.7%
Not very much	256	14.5%
None at all	135	7.6%
Don't know	107	6.1%
No answer	7	0.4%
(N)	(1,762)	100%

- ISCED 0 = Early childhood education / no education
- ISCED 1 = Primary education
- ISCED 2 = Lower secondary education
- ISCED 3 = Upper secondary education
- ISCED 6 = Bachelor or equivalent
- ISCED 7 = Master or equivalent
- ISCED 8 = Doctoral or equivalent

PERSPECTIVAS FUTURAS:

- Grupo focal para aprofundar percepções sobre confiança e risco.
- Desenvolvimento de hipóteses em parceria com a Ciência Política.
- Investigação de novos proxies na literatura.
